HR Tip of The Month:

Good employees don't leave the organization, they leave the manager.

Changes Announced to the Canada-Australia Working Holiday Program

Effective on January 1, 2008, the program changes are expected to help ease the labour pressure particularly for resort areas in our province like Whistler where many Australian young people come to work and play every year.

Can an Exchange Program Help You Keep Seasonal Staff?

Copper Point Golf Course has developed an innovative staff exchange program that allows employees to remain in the region all year long. While some of the more conventional perks offered to Copper Point employees include staff outings, organized dinners and dental and health benefits, the course has also taken steps to initiate a staff exchange program with a local ski resort, enabling employees to work in the region all year round.
