| Section 5: EXPLANATION OF SIGNIFICANT EXPENSE AMOUNTS, SIGNIFICANT VARIANCES, AND FUNDING INCREASES |
|--|
| a) Provide an explanation for the funding increase over the 2018 funding amount, if applicable. |
| A primary funding source for our organization, which contributes significantly to shared salaries and occupancy costs, is uncertain beyond June 15, 2019. This budget presumes the loss of funding, and a corresponding reduction in our staff, and some of our overheads. We do not expect to be able to reduce our major occupancy expenses in the short term, resulting in a great allocation of those costs to H&S programs. |
| b) Provide an explanation for any funding increase over the 2019 funding forecast amount included rates setting, if applicable. |
| See 5 a) above. |
| c) Any significant expense account (>\$50,000) included in the 2019 budget , excluding salaries, should be explained here. |
| |
| d) Any significant expense account variance (>20%), including salaries, between 2018 budget and 2019 funding request should be explained here. |
| Training/Course Revenue - Forecast sales of online Foundations of Workplace Safety have not been realized in the current year, so budgeted sales for 2019-20 are more realistic Salaries & Benefits - Increase is due to increase in FTE from 1.25 to 1.5, in addition to greater allocation of shared salaries as described above |
| Consultants & Contractors - 2018-19 budget includes survey and analyses costs and resource development costs that are not required in 2019-20 |
| Accounting & Legal Fees, Board Expenses, Office Supplies, Property Taxes & General Insurance and Rent - Variances relate to higher FTE, and greater allocation of common occupancy |
| expenses to H&S as described above |
| Publications & Materials - Production of video to promote H&S resources budgeted in 2019-20 |
| Technology - Improvements to H&S sections of website to streamline access to resources, and periodic maintenance of online courses planned in 2019-20 |
